

Best Tax Advisors Switzerland 2026 – Tax Partner ranked no. 1 in international tax advisory

The BILANZ business magazine, together with Statista, has once again recognised the best tax advisory firms in Switzerland.

We are proud to be ranked no. 1 in Switzerland in the focus area of International Tax Law. In the category of tax advisory firms with 50–149 employees, Tax Partner AG has once again achieved first place as well.

We are delighted to once again be ranked as a top firm and sincerely thank our clients and all market participants who took part in the survey and rated us so highly. This excellent recognition as Switzerland's leading firm for international tax law is also a testament to the strength of our global @Taxand network, of which we are a founding member.

You can read the full BILANZ report here.

If you have any questions on this subject, please contact your Tax Partner representative.
