

Tax Partner contributes the Switzerland chapter to the new Legal 500 Tax Disputes Guide

The new *Legal 500: Tax Disputes Guide* has been published – and Tax Partner AG contributed the chapter on Switzerland.

In the article, Prof. Dr. René Matteotti, Marija Ilic and Luka Schadegg explain the key aspects of Swiss tax dispute practice, including:

- The procedure and special features of tax proceedings in Switzerland
- The rights and obligations of taxpayers in objection and appeal proceedings
- Criminal law aspects of tax offences
- Current developments and trends in tax disputes, particularly in the area of transfer pricing

The guide offers international companies, tax experts and advisors a compact overview of Swiss tax procedural law and provides practical insights into dispute resolution with the tax authorities.
